

Buchanan Lane

Although just 21 years old, **YATES MCKENDREE'S** experience as a professional musician goes back more than ten years.

That early experience includes playing regularly in some of Nashville's most notable venues **The Bluebird Cafe, The Ryman Auditorium, 3rd & Lindsley**). It also includes North American and European tours and multiple appearances on national television (Imus In The Morning, CBS Mornings). He has played on and engineered many recording projects; most notably for **Delbert McClinton** and **John Hiatt**, who told **Rolling Stone Magazine**, "Yates was our secret ingredient."

In January 2020, Yates earned a **Grammy™ Award** on McClinton's hit "Tall, Dark and Handsome.) His debut LP **Buchanan Lane** features both classic cover tunes and original compositions Yates has co-written with **Gary Nicholson**, the LP highlights Yates' skills, remarkable style and taste as a multi-instrumentalist and vocalist, with an emphasis on guitar.

"I have said Yates is proof of reincarnation, only a very old and experienced soul could make his kind of art. Yes, he's been around plenty before, and he's giving it to this world again, just getting started being timeless." **Gary Nicholson**

* FOCUS TRACKS
